

PolarPlex™ Panel Installations

Cold Aisle Containment Sites

Site #1

Cold Aisle Containment with PolarPlex Drop-Away Panels and aisle end strip curtains. PolarDAM Air Dam Skirts were used to seal the rack bottoms.

Site #2

Cold Aisle Containment with PolarPlex rigid, vertical panels made of FM4910 compliant clear CPVC. Sliding Doors at aisle ends set inside the RPPs.

Site #3

Cold Aisle Containment with PolarPlex Standard Panels and aisle end strip curtains. PolarDAM Air Dam Foam was used to seal between rack sides and mounting rails as well as to seal rack bottoms.

Site #4

Cold Aisle Containment with PolarPlex Drop-Away Panels and Auto-closing Sliding Doors.
